OVERVIEW

I'd like to be your go-to voiceover artist for your audio, video and viral projects. I work from a Source-Connect enabled studio in my home, which sits just outside Kansas City. I can typically generate high-quality audio files for your projects within a couple of hours. Hitting deadlines and making projects shine for clients are my primary objectives.

EXPERIENCE

Nov 2020 — Pipes Jackson Voice Works. Company was founded in Leawood, KS. Since then, I've performed voiceover productions for audio and video production firms across the country. I've also produced audio for automotive marketing firms, online radio stations, historical documentaries shown on public television and large college athletic departments. You'll find a good cross-section of my work on my YouTube page.

1988- present — more than 30 years work in local/regional radio and television, primarily as on-air talent and news/content management.
